PROFILE

React Native mobile developer (5+ years of experience), with complementary experience in full-stack web development. I work across the full lifecycle from architecture to production, and have held roles as technical lead, CTO, lead developer, and trainer. Graduate of Epitech and holder of an MSc in Networks & Security, I ramp up quickly in new environments and pay close attention to quality, accessibility, security, and knowledge sharing.

PROFESSIONAL EXPERIENCE

Direction générale des Finances publiques (DGFIP) — French Directorate General of Public Finances

React Native & Full-Stack Web Developer | Nov 2023 – Nov 2026 | Fixed-term contract

- Technical lead for a team of 3 developers, within a setup made up of two mobile teams.
- Built the online tax filing and QR-code payment flows on the impots.gouv mobile app — used in 2025 by nearly one million taxpayers to file their tax returns — along with accessibility improvements compliant with the French accessibility standard (RGAA).
- Designed a multiplayer quiz app in React Native / Expo with Firebase, and authored a complete internal training program on React Native and Expo.
- Contributed to the internal application portal using Vue.js, TypeScript, Java, Spring Boot, and Liquibase.

B-Flow

React Native Developer | Feb 2023 | Freelance

- Took over a struggling application ahead of a client deadline: fixed defects, added new features, and redesigned the UI.

SpinforEat

CTO & React Native Developer | Oct–Nov 2021, then Jul–Dec 2022 | Freelance

- Led a team of 4 developers: mobile architecture, technical decisions, code reviews, and React Native / Expo development — including map integration (Apple Maps on iOS, Google Maps on Android via GCP).

Business At Work

RPA Developer | Mar–Jun 2022 | Freelance

- Joined a team at a major client account: automated recurring tasks using RPA with UiPath, complemented by VBA development for projects relying on Microsoft Excel.

Adonya

React Native Trainer | Dec 2021–Jan 2022 | Freelance

- Designed the training materials and exercises, then delivered the training remotely in line with the center's curriculum.

Basile

React Native Developer | Dec 2021 | Freelance

- Quickly ramped up on the project: SSO, push notifications, iOS/Android builds and testing, freeing up time for the technical lead.

Biche Production

Lead & React Native Developer | Mar–Aug 2021 | Freelance

- Made technical decisions and designed the architecture for a mobile, web, and API product using the API Platform stack (GraphQL, Docker), with primary ownership of mobile development.

Axeos International

Full-Stack Web Developer | Sep 2020–Feb 2021 | Internship

- Built the online booking platform from scratch using the API Platform stack (PHP/Symfony, React, GraphQL, Docker): an access code was sent by email/SMS to unlock the booked SOMBOX.

Capgemini / ANTAI

RPA & VBA Developer | Oct 2018–Jul 2019 | Internship

- Quickly upskilled in UiPath and VBA within a team: automations, project indicators, and a monthly dashboard.

Groupe Nass

VBA Developer & Trainer | Jul–Dec 2017 | Internship

- Wrote functional specifications, developed custom VBA business tools, and authored and delivered a VBA programming course for several departments across the group.

EDUCATION

Epitech Rennes | 2016–2021

Information Technology Expert degree (5-year program)

University of Kent | 2019–2020

MSc Networks & Security — Canterbury, United Kingdom

TECHNICAL SKILLS

CORE SKILLS

React Native • Expo
JavaScript • TypeScript
React • Vue.js
Java • Spring Boot
UiPath • VBA

ECOSYSTEM & TOOLS

Firebase • GraphQL • Symfony • API Platform • Docker • Git • GitHub • GitLab • Jenkins • SQL • Liquibase • Android Studio • Xcode • App Store Connect • Google Play Console • GCP

METHODS & QUALITY

Mobile architecture • Code review • iOS/Android release management • RGAA accessibility (French standard) • Security best practices

SOFT SKILLS

- Technical leadership
- Knowledge sharing
- Adaptability & self-directed learning
- Autonomy & teamwork

LANGUAGES

French — native
English — fluent
Spanish — basic

KEY PROJECTS

PERSONAL PORTFOLIO

Designed and built my interactive portfolio from scratch (esteban-marigonez.com).

CYBERQUIZ VR

Educational VR game raising cybersecurity awareness, built with Unity / C# as part of the MSc Networks & Security.

VOLUNTEERING

- Google Workshops & Epitech Coding Clubs: ran coding workshops
- ZUPdeCO: homework support for middle-school students
- Capgemini Ambassador: school-business liaison
- E-mma Association: promoting gender diversity in tech

INTERESTS

Weightlifting • Video games • AI (Codex, Claude Code)
